KEMP'S MEDICINE CHESTS

ARE still unrivalled in their completeness and their happy adaptation to the circumstances of life in India. They are alike approved by medical men and the public, and have been of immense service in the preservation of life, health, and comfort. Their arrangement is based on the principle that while the unnecessary use of medicines and the neglect to call in timely medical aid are alike to be deprecated, there are yet many simple and some grave emergencies against which every person ought to be, as far as possible, provided till the arrival of professional assistance. A COMPLETE LIST AND DESCRIPTION OF ALL THE DIFFERENT CHESTS WILL BE FURNISHED TO ENQUIRERS.

The following will show the principal varieties kept in stock.

LEATHER CHESTS.—Very convenient for travelling and handy in packing ; not affected by climate. Nos. 12 and 29 are suitable for a small Camp.

Prices } Nos.	... 1	2	3	12	13	29
Complete } Rs.	... 40	38	24	45	42	75

POLISHED WOOD CHESTS.—Mostly mahogany, some rose-wood, walnut, oak, and teak. These are all domestic chests, and vary in size from the small bedroom case to the more complete one of the mofussil officer. Nos. 4, 5, and 6 are strongly recommended as good family chests.

Prices } Nos.	... 4	5	6	9	14	19	22	24	25	26	27	28
Complete } Rs.	... 39	44	50	70	17	65	80	43	53	50	66	100

GRAINED WOOD CHESTS.—These are more or less of a large size, and suitable for railway companies, contractors, industrialists, and other employers of labour. No. 8 is much recommended.

Prices } Nos.	... 7	8	16	17	18
Complete } Rs.	... 60	100	70	85	130

MOROCCO POCKET CASES.—Contain from six to a dozen phials ; convenient in short journeys or when a small quantity of kit only is carried.

Rs. 5, 6, 9, and 10.

Besides, the above there are several patterns in Japanned Tin, useful for sea voyages or where wet is to be guarded against, and in addition to our regular patterns, we fit up the following special chests.

DR. MOORE'S MEDICINE CHEST,
Containing the remedies recommended in his work, "FAMILY MEDICINE FOR INDIA,"
AND
DR. HUNTER'S DISTRICT CHEST,
Fitted up according to his work, "MODERN DOMESTIC MEDICINE."

All the chests are furnished with a copy of KEMP'S MEDICINE CHEST COMPANION, which the "Lancet" has characterized as "a very useful little companion to the Medicine Chest," and which discribes the uses and doses of almost every commonly known remedy.

"The Medicine Chests are models of compactness, and this little book will be no uncertain guide to the possessor of one of them."—*Indian Statesman.*

BUR

COMMERCIAL INTELLIGENCE.

THURSDAY EVENING, Nov. 4, 1880.

SINCE the commencement of the holidays the amount of business done has not been large. In former years the custom prevailed of European firms making considerable Dewali contracts for exports, but with the altered system of business this has been gradually dying out, and this year next to nothing has been done. In imports, too, the sales have been very moderate, and although the season promises well, there has been an evident indisposition, in the face of existing stocks, to enter on large operations.

From home the advices in the interval have, as a rule, been quite in tone. Money in London continues remarkably cheap, and in consequence Consols have steadily advanced, yesterday's quotation being par. French Rentes are now quoted at 119¼ ex-coupon. Enfaced Rupee Paper at 80½ for Fours and 87¾ for Fours-and-a-half.

Coffee has receded to 84s. for M. P. Ceylon and 60s. per cwt. for G. O. Native. Ceylon Cocoanut Oil is quoted at £32-5 and Cochin at £35. Seeds and Wheat are firm.

Piece-goods in Manchester are quiet but steady at previous prices. Cotton in Liverpool is also quiet, and the quotation for Mid.-Uplands in Liverpool has receded to 6⅜d., although there is no change in Surats. In New York yesterday ready Mid. Uplands had declined to 11 cents, and January shipment to 10'89 cents, per lb. The receipts at the ports for two days are given at 71,000 bales.

At the weekly biddings for Council drafts on India in London yesterday tenders at 1s. 7 13-16d. received 2 per cent. as compared with the previous week, this shows a decline of ⅛d. per rupee, but is, nevertheless, quiet as high as was generally anticipated on this side. For the next week 30 lacs are again advertised, showing more clearly than ever, that Government have no ideas of reducing the amount.

Bar Silver in London after declining to 51⅞d. has recovered to 51 13-16d. per oz., equivalent to 1s. 7¾d. per rupee. The shipments of Specie by this week's P. and O. steamer from Southampton are, however, only £20,000 in Silver and £20,000 in gold for Bombay.

The return of the Bank of Bombay for the week ending on Saturday, owing to the holidays, has only been issued to-day. The following are the leading changes :—

Public Deposits at H. O.	Inc.	Rs.	66,836
Do. do. Branches	Dec.	„	11,113
Other Deposits	Dec.	„	29,32,776
Government Securities	Dec.	„	4,61,845
Loans	Inc.	„	2,18,068
Bills Discounted	Inc.	„	6,40,133
Cash with Correspondents	Inc.	„	2,41,969
Cash and Currency Notes	Dec.	„	35,92,028

The withdrawal of Cash thus shown cannot be taken as an indication of any increased demand for money, the reduction in Deposits being probably in anticipation of the holidays, and in all probability the greater part will find its way back to the bank during the next few days. In the open market, loans on Government Papers could probably be at 1½ per cent.

EXCHANGE.—A decidedly weak feeling has again been apparent, and as compared with our closing rates of Saturday our quotations show a decline of 1-32d. to 1-16d. per Rupee. A moderate business has been done, but mainly in Bank Paper, as the feeling is still decidedly in favour of a further decline before any reaction takes place. Indeed some people seem to be of opinion that any reaction is improbable, and that we may see rates give way materially from our present level, low as it is. We quote to-day.

Bank Bills on demand	1s. 7 25-32d.	per Rupee.
Do. telegraphic	1s. 7¾d.	„
Do. 3 months' sight	1s. 7⅛d.	„
Credits, 3 „	1s. 8 „	„
Documents, 3 „	1s. 8 1-16 to 1-16d.	„
Francs, 3 „	2f. 12c.	„

On Calcutta, the rate for demand has recached to 1-16 per cent. premium. For 60 days' sight there is practically no quotation.

GOVERNMENT PAPER has been very strong during the holidays owing to the tenor of Calcutta advices, but to-day quotations thence coming somewhat easier, prices have been rather irregular. Fours we quote at Rs. 97¾ to Rs. 98, although business is said to have been done at the latter figure. Fours-and-a-half we call Rs. 106¼.

SHARES.—In Bank shares there is no alteration of any kind to notice, Bank of Bombays being still Rs. 712½. In Land Companies, Colabas have advanced to Rs. 750. Press Companies are firm, and we notice a further advance of Rs. 100 per share in Fort and Prince of Wales. Spinning and Weaving Companies are all strong, and our quotations show a general improvement of Rs. 10 to Rs. 15 per share. Bombay Saw Mills and Kurrachee Landing and Shiping are Rs. 10, and Bombay Barmah Trading and Treacher and Company, Limited, Rs. 5 per share higher.

COTTON.—There has been a little doing in Ready Old Cotton during the holidays at slightly easier prices, but in new crop, with the exception of some few Dewali contracts for Broach at Rs. 230½, transactions have been insignificant. To-day the purchases reported have been small, and we call prices for new cotton :—

Good Hingunghat, Feby, dely	Rs.	232 per candy.
„ Broach, March	„	228 „ „
„ Akote, „	„	219 „ „
„ Omra, „	„	216 „ „

LINSEED is still in request at Rs. 7 to Rs. 7-1 for ready and Rs. 6-9 for April-May delivery. Wheat is quiet owing to the advance in Freights at Rs. 31 to Rs. 31-8 per candy for Soft White.

FREIGHTS are comparitively firm. For Liverpool 40s. is now asked for measurement by the next two steamers. A considerable number of Charters have taken place during the holidays, amongst those reported being the Cyenus for March loading, United Kingdom or Continent, at 40s. with Concessions ; the Bengal for Marseilles at 37s. 6d. with Commission and Concessions, December loading ; the Ossian, Bombay and Kurrachee to Marseilles, at 37s. 6d. with Concessions, November-December loading, and the Macedonia for Naples, Genoa, and Marseilles at 42s. 6d., payable here, December loading. For Mediterranean ports the ready rate is 42s. 6d., and for Trieste or Venice 35s., payable here.

PIECE-GOODS.—The Dewali bargains have not been on the scale anticipated, and the market, although better than before the holidays, has not been very active. Prices are not quotably altered, and in the shape of arrival, business transactions have been comparitively light.

COALS to-day are firm with practically no sellers. Davison's West Hartley was sold on Saturday last at Rs. 16, but the quotation both for this and Cardiff is Rs. 16½, and no pressure to sell at that.

The Bombay Gazette

FRIDAY, NOVEMBER 5, 1880.

THE letter signed "Tandem" which we publish this morning calls for some notice at our hands, in so far as it refers to the attitude of the Governor towards the volunteers. With the other points to which the writer addresses himself—the propriety of the language of the *Madras Mail* in discussing the action of the Governor in public affairs and the accuracy of the same paper's statements as to the reputation of Sir James Fergusson in other parts of the world where he has previously filled similar high offices—we have no concern. As regards the Governor and the Bombay volunteers, "Tandem" makes out, perhaps, as good a defence against the charge of indifference, and even obstruction to the movement, which has been laid at Sir James Fergusson's door, as the case will admit of ; but it can hardly be called satisfactory. The explanation of His Excellency's reasons for refusing the Honorary Colonelcy of the corps is as lame as it well could be. The "time and attention" which His Excellency would have been called upon to devote to the volunteers as their Honorary Colonel would not have inconvenienced him very much. Sir Richard Temple was as energetic and popular an Honorary Colonel as could be desired ; and the "time and attention" given by him to the corps were limited to inspecting the regiment on parade once a year, attending the annual ball, and perhaps entertaining, and in turn allowing himself to be entertained by, the officers occasionally. And even this is not necessary ; it is not requisite that the Honorary Colonel of a volunteer corps should take any active part in the work. Lord Ripon would make an excellent Honorary Colonel of the Bombay volunteers ; and, we think, the position being still vacant, if it were offered to him, he might accept it. As to the "second slight,"—passing over "Tandem's" sneer at the volunteer balls as in at least as bad taste as the *Madras Mail's* language in speaking of Sir James Fergusson, and with quite as little truth in it as is contained in the *Mail's* assertions with regard to the estimation in which His Excellency was held in New Zealand and Australia,—we think, in spite of all the "*burra khanas*, balls, evening parties, &c.," if Sir James Fergusson had been desirous of meeting the wish of the corps, it might probably have been managed without much sacrifice of "time and attention" on the part of the Governor. It would not have been required of the Viceroy that he should stay all night at the Town Hall ; it would merely have been necessary for him to extend his patronage to the ball, and look in for a few minutes during the evening—perhaps, also, to take part in the first dance. "Tandem" says Sir James Fergusson has "expressed his keen sympathy with the volunteer movement." Perhaps the corps might appreciate the sympathy better if His Excellency went beyond the mere expression, and gave some practical effect to it.

IT is not, of course, surprising that along with the extension of jurisdiction which forms the principal feature of his Bill, Mr. Stokes should be anxious to introduce into the Small Cause Courts a procedure which shall, in some degree, resemble that of the High Courts. The lower courts as at present constituted exist for the speedy and final determination of small cases. The rough-and-ready machinery employed is suitable, in spite of the fact that it shuts out the chance of error in the somewhat less of certainty than the Civil Procedure Code. The suits brought before these courts are for petty sums; and it is rightly considered that it is more to the public interest that ninety-nine small cases should be settled speedily than that one hundred small cases should be settled rightly. But if cases which are not small are to be brought into what were Small Cause Courts, it is evident that the same reasoning will not apply. Under the proposed legislation persons who sue for as much as Rs. 2,000 will practically be forced into the Small Cause Court ; that is to say, they will seek the aid of the more efficient machinery of the High Court at the risk of being fined in their costs if the judge sees no sufficient reason for the course they may have taken in declining to sue in the lower court. Such suitors are entitled to claim more time and trouble, if not more care, from the judge than the tradesman who has recourse to his court for the sake of recovering Rs. 10. If, then, the provision extending the pecuniary limit of the jurisdiction of these courts stood alone, we should think it only reasonable that the procedure of the Small Cause Courts should be assimilated to that of the High Court. But has Mr. Stokes considered what is meant by investing the suitor for Rs. 2,000 with these claims on the time and strength of the Small Cause Courts ? To go no further than Bombay, we take it that of our four courts three get through the cases instituted before them at the rate of about 120 a day, and the First Judge disposes on an average of about three a day. There is no difficulty in prophecying what will be the effect of the introduction into this stream of business of suits for Rs. 2,000, with all the complicated machinery with which it is admittedly desirable that such suits should be guarded. The Small Cause Courts, if they are not to break down altogether, will have to be developed upwards into a new and superfluous system of High Courts, and downwards into something which shall be a substitute for them as they at present exist.

We have spoken of the rate at which the Small Cause Courts under their present constitution are able to get through their work. If there were any reason to suppose that this speed was fatal to efficiency in a large class of cases to which the general consideration on which the practice of these courts rests do not apply, we could see some reason for the proposed change ; and an "intelligent foreigner" might, perhaps, be pardoned for supposing that the number of suits in which the present limits of the courts is almost touched is so large as to impose on the legislature some recognition of the fact that an extension is desired and desirable. But all who know anything of the matter will admit that we are speaking with almost mathematical exactness when we say that of the 120 cases disposed of daily here at least nine-tenths are for sums which fall short of the present limit by a half, two-thirds, or three-fourths. In these circumstances is it too much to say that the extension of jurisdiction, with the resort to a more elaborate procedure, which we admit to be the case in the Bombay Saw Mills and Kurrachee Landing and Shiping are Rs. 10, and Bombay Barmah Trading and Treacher and Company, Limited, Rs. 5 per share higher. case, and the following passengers :—For Sydney—Mr. G S. Graham, Mr. and Mrs. F. Hutchinson, Mr. Le Cram and son, two Misses Le Cram, Miss Forestermann, and Mr. G. Hagg. For Melbourne—Mr. J. Watson, Mr. and Mrs. W. C. Baldock, and Mrs. Harvey. THE VICEROY'S TOUR.

(FROM OUR OWN CORRESPONDENT.)

MAGRA THRO' UMBALLA.

VICEROY'S CAMP, Nov. 4.

The Viceroy spent two days at Nahun. His Excellency arrived here last night.

At Nahun he expressed his high appreciation of the reception with which he met. Artillery, cavalry, and infantry lined the streets.

The Viceroy inspected the Maharaja's iron-foundry, and performed the ceremony of starting the blast-furnace engines.

He then proceeded through the city, mounted on what Mr. Sanderson describes as the largest elephant ever measured. The height of the animal is ten feet eight inches. The howdah was of superb gold Oriental work.

The city was illuminated, and the people were enthusiastic.

A SHOOTING PARTY—H. E.'S FIRST TIGER.

Six of the party *shikared en route* here yesterday, and shot one pea-fowl. When the sport commenced to-day at noon, the Marquis of Ripon shot a monster man-eater. One sepoy was seriously mauled. Another tiger fell to the rifle of one of the staff. One sambhar and one cheetul were also bagged. Two thousand five hundred beaters were employed, in addition to 300 sepoys. The Viceroy was seated on a charpoy, resting himself after the prolonged beat, when the tiger was suddenly found, and fell instantly to his rifle.

BANQUET TO MR. ADAM.

LONDON, Nov. 4.

A farewell banquet was given to the Right Hon. W. P. Adam, Governor elect of Madras, at Cupar, yesterday. In a speech he made on the occasion, he advocated direct negotiations being entered into with Russia to determine upon a line of demarcation in Central Asia, beyond which she shall not interfere, and he condemned the policy of the late Government in its dealings with Afghanistan, which, he said, if it had proved successful, would have brought neither moral nor material advantage to India.

Mr. Adam, in replying to a deputation that waited upon him at Edinburgh for the purpose of urging upon him the inadequacy of the provision for elementary education in India, said he admitted that it had been somewhat neglected in favour of higher education, but he warned them against appearing to proselytize and treating the religions of the country unequally. He also said that he was ignorant of the present state of education in Madras, and therefore he could not make any promise then; but he undertook to give attention to the subject.

STEAMER REPORT.

TRINCOMALLEE, Nov. 4, 11-22 A.M.

Euryalus, from Rangoon, arrived this morning.

THE s.s. Hispania, bringing the new Gaiety Theatre Company, sailed from Suez at 6 p.m. on Wednesday, and may be expected to arrive in Bombay about Sunday, the 14th instant. The season will commence on the 20th instant, giving the company one clear week for rehearsals. A competent band has been already engaged, and has been practising under the musical director since the 1st instant. A new drop-act is being painted by Mr. Freyberger, a scenic artist of Calcutta and Melbourne reputation, and who is favourably known also in Bombay.

THE cold-weather crops throughout the Bombay Presidency, the official report informs us, promise well. No further remark is made, beyond the intimation that during the week under review, namely, that ended the 27th October, rain fell in Guzerat and the Deccan.

IT is formally notified in yesterday's *Bombay Government Gazette* that His Excellency the Right Honourable the Governor of Bombay has been pleased, in accordance with the provisions of Section 32 of "The Indian Councils Act, 1861," to nominate Rao Saheb Vishvanath Narayen Mandlik, C.S.I., to be an additional member of His Excellency's Council for the purpose of making laws and regulations only, *vice* the Honourable Morarjee Goculdas, C.I.E., deceased.

A *Government Gazette Extraordinary* issued yesterday states:—The following are the names of the gentlemen who have been duly nominated and seconded as candidates for the two vacancies of members of the Municipal Corporation to be elected on the 9th instant by Her Majesty's Justices of the Peace:—Mr. D. S. Kemp, nominated by Mr. Goculdas Jugmohandas, and seconded by Mr. Thomas Binney; Mr. Anandrao Narayen Wassudeo, nominated by Mr. N. Byramjee Jeejeebhoy, and seconded by Mr. Cursetjee Furdoonjee.

BABU LAL MOHUN GHOSE, the delegate lately sent to England from Bengal, was presented with an address of welcome yesterday evening on behalf of the citizens of Bombay. Both the hall and gallery of the Framjee Cowasjee Institute, where the meeting was held, were crowded with natives, and about a couple of Europeans. The host of the evening, who was listened to with marked attention, held forth for nearly an hour. He touched upon some of the "burning questions," of the day, and exhorted the natives to wipe out the stigma cast upon them by a great English writer, that they would rather speak than act, by going round the country and arousing the masses to a knowledge of their wants. As one of the means to have their wishes in the direction of the political freedom and privileges to which the expanding culture of the West entitles them fulfilled by their rulers, they must send to Parliament short memorials extending over a dozen lines or so, but backed up by at least half a million of signatures. When Mr. Ghose wound up with a peroration in which he denounced the "too many shams and counterfeits, and the too many pitiful exhibitions of the spirit of the green-eyed monster, amongst the natives," and resumed his seat, he was greeted with a round of loud and prolonged applause. After a vote of thanks tendered by the chairman (Rao Sahib V. N. Mandlik) to Mr. Lal Mohun Ghose in a brief speech, the meeting terminated.

CAPTAIN C. A. WHITE, Marine Superintendent, P. and O. S. N. Company, has been appointed to act as a member of the local Marine Board of Examiners for granting certificates of competency to masters, mates, and engineers of merchant ships, during the absence of Lieutenant J. M. Brebner at Kurrachee.

THE appointments of Colonel G. Leslie, R.A., to be Inspector-General of Artillery for India, in succession to Brigadier-General Arbuthnot, and of Major-General C. C. Johnson as Quartermaster-General, are notified in the *Gazette of India*.

THE *Pioneer* does not, for once, approve of the action of the powers that be. "It seems that the military authorities, after ordering the 13th Hussars to start on the 1st, changed their minds and sent down orders by telegraph that the regiment should move by squadrons on the 4th, 5th, and 6th. This second change shows how little necessity there can have been for the thoughtless order appointing the immediate start."

THE *Kandahar News* has the following hit at the *Pioneer's* special:—"It has been suggested that on the return of a certain 'own correspondent,' famous for his impartiality, he should be played in by the massed bands of the garrison (not the demoralized one) to the tune of the 'Hardy Henchman.' This would be a delicate way of showing their appreciation of his zeal in promoting a good feeling between the Bombay and Bengal Armies."

MR. GRIFFITH, the Director of Public Instruction in the North-West, and Dr. Thibaut, Principal of the Benares College, are about to publish a new series of Sanskrit texts, which will take the place of the *Pandit*, the monthly publication of the Benares College, to be discontinued.

THE inauguration of the new tramway venture in Calcutta has not been signalised by brilliant management. Already there has been an accident. The horses of two tramway carts running in opposite directions collided in Bow Bazaar-street, and seriously damaged one of the vehicles. The animal attached to one of the cars, while passing the other, suddenly swerved from its course and fell upon the other horse.

BOMBAY'S right to its motto, "Urbs primis in Indis," is disputed, not by Calcutta, or Madras, or Allahabad, but—of all places—by Kurrachee. The *Beacon* of that place blows its brazen little trumpet as follows:—

The visit of Mr. Lyall to Quetta and Kandahar will probably bear fruit and bring about some alterations—amongst others, we trust, a severance of Sind from the Western Presidency and an union with the Punjab. If the proposal to erect a Frontier Province be carried out, it will inflict serious injury upon Kurrachee, as the town would in that case lose the position it at present holds, and degenerate into being merely the head-quarters of a political officer of the Government of India instead of having a resident commissioner and being the chief city of a province. Kurrachee would form the most eligible place for the seat of the Punjab Government, being a seaport, and infinitely more healthy than that fever-stricken place, Lahore. Lahore, it is true, is centrically situated, but the healthier climate of Kurrachee would more than counterbalance its somewhat out-of-the-way position. We go further, and give it as our opinion that this city is the place best suited in every way for the seat of the Supreme Government. It is about the coolest place in the country (the hill stations excepted)—punkahs are never necessary: it is the point nearest home, and taking into consideration the altered relations obtaining between the British Government and the countries to the north and west of our territories, Kurrachee is the city best situated for the Government of India. It is also situated in the best position to watch passing events affairs of the entire country, as it is in about the same latitude as Allahabad, and consequently on a line with the centre of our territories. Calcutta is too far removed from the heart of India to be the earnest attention of the Government must, we fear, for some time to come, be directed; and whatever traditions attach to this city, the time has come when these must be thrown overboard in the interests of the country—"the few must be sacrificed to save the many," and Calcutta must be made a holocaust of in the interests of India. A great future is in store for Kurrachee, and the only place that can contest with her is Bombay; but this city is, fortunately or unfortunately, too far south to come off eventually victorious in the struggle for supremacy. It is only a work of time. Kurrachee will be the chief city of India at no distant date, and of it will be said *urbem lateritiam invenit, marmoream reliquit.*

ON the text of an article which we published a few days ago on the subject of General Warre and the Bombay Army, the *Indian Daily News* remarks:—It seems to us that the Government has raised a hornet's nest about its ears. That Bombay troops and Bombay officers have been treated unjustly goes without saying. *** The fatal error of Bengal Prætorianism is again working its insidious way to a breakdown of the Indian army organisation. It has led to a strong attack being made upon soldiers who are only different from the over-bepraised soldiers of the Ganges Valley in that they have the word "Bombay" instead of the word "Bengal" before the term "Native Infantry." What, we would ask, can more distinctly show the folly which now reigns at Army Head-quarters than the unjust way in which a brigade of Madras troops was shown to the world as good enough for Jellalabad, but not good enough for Kabul? Sir Frederick Haines may be a good man, but he does not know the meaning of the word "emulation," and he certainly does not know what to do with soldiers when it comes in his way to make use of them. We ourselves are more interested in seeing India strong than in any clique whatsoever.

ADMIRAL BYTHESEA, V.C., C.B., C.I.E., the consulting Naval Officer to the Government of India, and Mrs. Bythesea, go home by mail-steamer of the 13th instant, and as the gallant officer's term of office expires before his leave is up, it is unlikely that they will come out to India again. The *Indian Herald* tells the following yarn about the retiring Admiral, *apropos* of his staying a few days at Allahabad on the way to Bombay:—"The Admiral's name has a greater significance than at first sight strikes one. It tells the story of his early life. For he was found far out at sea by one of Her Majesty's ships of war. When picked up he and a lady, perhaps his mother, were found lashed to a bale of goods. They had evidently been cast adrift in that way by some sinking ship, in the hope that some passing vessel would pick them up. The lady was found dead, but the baby was alive, and the weather-beaten officers of the man-of-war tended it with all the tenderness that they were capable of. Advertisements were inserted in the papers enquiring for the friend of the little waif, but to no effect, and the officers determined to adopt the child. They named him By-the-sea, suggestive of the manner of his picking up, and he spent his infancy and early boyhood on board their ship. When he was old enough they sent him to a naval school, and he served his first commission on board the very vessel that picked him up. He took kindly to his profession, and soon showed of what stuff he was made. Promotion came fast to him, and in the Crimea he did such good service as to win his V.C. and C.B., in one of the assaults on Sebastopol. He has served in all quarters of the globe, and now retires from the service to enjoy his well-earned pension."

ON the subject of the migrations of Government between the hills and the plains, the *Pioneer* writes:—An impression has got about to the effect that the Financial Department is not going to descend from Simla into the plains at all this year. This we have ascertained to be ill-founded. No unusual or extraordinary arrangement is to be adopted this year, but the Secretariat office at Simla will probably not be broken up until Sir John Strachey vacates office. Possibly some considerations connected with the convenience of the retiring member have dictated this postponement of the usual migration; and probably it would be difficult to point out any public interest that suffers by the postponement. But if the whole Financial Office comes down from the hills after Christmas, and then, as usual, has to go up again at the end of March, it might be difficult to point to any public advantage accruing from its visit to Calcutta.

THE "expensiveness of gubernatorial visits" forms the subject of an article in the *Cochin Argus*, referring to the Duke of Buckingham's visit to the Cochin and Travancore States, in which the writer remarks:—"The Duke only stays at Balghatty for twenty-four hours, and yet for the high honour of entertaining a Governor and a Duke for this very short space of time the State of Cochin will spend from twelve to fifteen thousand rupees! During the three days that the Duke will stay at Trevandrum, as well as the time that will be occupied in travelling to the capital of Travancore, the expenditure will be something to make the Duke shiver when he comes to hear the figure. Both the States are rich enough to bear these heavy expenses, but is it not a wretched burlesque on the economy exercised by the British Government in almost every department of the public service that it should allow its representatives to go about the native States and make their rulers spend thousands of pounds in entertaining them?"

A CORRESPONDENT writes to the *Madras Times* that affairs in Rumpa have nearly come to a settlement, as the troops serving there have been ordered to be withdrawn. One of the first rebels, Nedur Ram Reddy by name, has contrived to escape into the Nizam's territory, being unable any longer to find shelter in the Gudem Hills. The Nizam's authorities, however, have been called upon to deliver him up, if captured. Meanwhile, certain other muttadars have had a fine imposed till they deliver another important rebel, Verroyya; and others will be made prisoners for concealing Pathavithi, one of the rebels also. The police, we hear, will take over the several military posts now established, but a garrison of 50 men (military) will be kept at Nursapatam for the present.

THE Ooregum Gold-Mining Company of Colar (Mysore) have sold their land, two-fifths of two square miles, for £36,000, of which £18,000 is taken in shares. This is at the rate of £45,000 per square mile. Crushing will commence at Ooregum in about ten days. About 1,000 tons of surface and other stone are ready to be put through the ordeal. Last week the gold-miners in Colar, a Madras paper states, came on an old working 60 feet below the surface, in which a reef three feet in thickness, had been cleared by the natives to the extent of two feet. In the one foot of quartz which the natives had left gold is visible to the eye.

OF 107,719 square miles in the Madras Presidency, 37,785 are classed as uncultivable, 25,433 are returned as cultivable, but are not cultivated, while 44,501 square miles are reported to be cultivated. From these figures, the *Madras Times* concludes, it is evident that more than half as much land as is at present under cultivation might be brought under cultivation; and that paper asks—"Cannot the Government or some one devise a workable plan for getting more land taken up for cultivation? Food would then be more plentiful, and the general revenues increased. With so much land lying idle there is no wonder we have occasional famines."

THE *Jeypore Gazette* is glad to notice that the young Chief of Jeypore has begun to take interest in the educational institutions of the State. His Highness, accompanied by Colonel Beynon, visited the Maharajah's College on the 19th instant. The tutorial staff of the college came down in the gallery hall to present *nuzzars* to His Highness. On the 20th His Highness paid a visit to the Noble School. Some of the boys were examined, and His Highness remarked that the number of boys had decreased considerably from what it was before, when he was a pupil of that institution. From there he drove to the School of Arts, and after alighting from the carriage, His Highness and party were conducted by the principal through the various departments.

AMONGST the anomalies of the annual migration to and from Simla, the *Englishman* notices the fact that when the head of the Meteorological Department leaves his dwelling on the cloud-capped hills, he at the same time ceases to furnish the public with his short telegraphic summary of the weather throughout India. This may be a simple way of impressing the public with an idea of the importance of the movements of this great functionary; but as daily reports of the weather are probably still received somewhere, whether the Great Panjandrum is present or not, our contemporary does not see why some Babu in the office should not be employed to summarise them as usual, and forward the information to the press.

A STRIKING feature in the report on lunatic asylums in the Punjab is the terrible mortality which is recorded. A Calcutta paper says:—"The mortality in the Lahore asylum was at the rate of 216, and in the Delhi institution 194 per thousand per annum. We were quite prepared for a much higher death-rate among insanes than among their more fortunate brethren, but we were not prepared for a death-rate equal to an existence of only five years." The Lieutenant-Governor, however, seems to be of a different opinion, for he thus concludes his resolution on the report:—"His Honour concurs in the opinions expressed by both Commissioners in regard to the favourable results reported, and he desires that his acknowledgments of the careful management of both institutions by the superintendents may be conveyed to these officers." Our contemporary suggestively says:—"We cannot find any special cause for the credit bestowed on the asylum officers, unless it be in the fact that the expenses seem to have been well kept down."

NEITHER money nor pains have been spared to provide fitting accommodation for the native chiefs attending the Lahore Durbar, who will now begin to arrive in a day or two. A correspondent writes from up-country paper that the large plain below the Lahore Fort is white with canvas, and that the camps have been laid out with great skill. Each State has a space allotted to itself, and gardens and drives are beginning to appear as if by magic in front of each row of tents. Fountains to play in the different gardens are in course of construction. Some of the wealthier chiefs have determined to have their camps lit with gas, and arrangements for this are nearly complete. The Maharaja of Kashmir's tents have not yet appeared, and it is said that His Highness will not go under canvas, being vexed at the number of his followers having been limited. The camp of His Excellency the Viceroy is expected to be a great success; every endeavour is certainly being made to make it so.

THE annoyances passengers on Indian railways are subjected to in connection with the booking of their personal luggage have attracted the attention of the *Englishman*, who remarks that no one can have witnessed the tedious, elaborate system of booking luggage at Howrah, Bombay, Lahore, or other large railway stations, and the noisy confusion surrounding the helpless clerks, without having been struck with the fact that the arrangements are unnecessarily complicated and intricate. The clerk engaged writing the so-called luggage tickets has to fill up, at the time of booking, a form in triplicate, giving all sorts of details, which, beyond affording employment to Babus in some railway audit office, in checking and afterwards tabulating returns, is utterly useless. "Without advocating or expecting anything so perfect or simple as the American plan, we would suggest some arrangement that would take less time; and to carry this out there must be less writing and filling up of forms in booking railway passengers' luggage. It is not our business to devise a system that would suit the public, and at the same time please railway managers and auditors; but we are certain there must be officers in the railway service who could easily arrange a simpler and better method than the existing one."

MRS. NEWMAN HALL, the divorced wife of the Rev. Newman Hall, has been married at the Yarmouth Registry Office to Richardson, the groom, who was co-respondent in the divorce suit.

Truth states that Mr. Adam, the new Governor of Madras, before leaving England, is to be entertained at three banquets—by the Liberals of Fifeshire at Cupar; by the Scotsmen at Aldoa, when Mr. Gladstone is expected to be present; and by the Scottish Liberal Club in Edinburgh.

THE difficulty at Guy's Hospital to which we alluded last week has been settled satisfactorily. The *Globe* of October 15 remarks:—Whatever irritation may remain in the parties to the recent strife at Guy's Hospital, the public at large will learn with profound satisfaction that the quarrel has ended. This happy conclusion was arrived at, it seems, by mutual concessions. The doctors unreservedly withdrew the needlessly offensive letter which they recently addressed to the governors, and the latter amended the phraseology of their invitation to the medical staff to attend the taking-in committee in a sense favourable to the claims put forward by Dr. Habershon and Mr. Forster. Moreover, the governors cancelled their letter demanding the resignation of these gentlemen, and Guy's will therefore remain without any change in its executive.

THE VICEROY'S TOUR.

SIMLA, Oct. 28.

HIS EXCELLENCY THE VICEROY left Government House, Simla, this morning at 7-20 a.m. Guards of honour were furnished by the Simla Volunteers under Lieutenant-Colonel Peterson, at Peterhoff, and by the detachment 14th Sikhs, under Major Clutterbuck, the latter being drawn up on the Chowra Maidan, and presenting arms as His Excellency drove past. The usual salute of 31 guns was fired. The following gentlemen accompanied the Viceroy:—Lieutenant-General the Hon'ble Sir D. M. Stewart, G.C.B.; H. W. Primrose, Esq., Private Secretary; H. M. Durand, Esq., Foreign Department; Major Parry Nisbet, Deputy Commissioner of Simla; Major G. S. White, Military Secretary to the Viceroy; the Rev. H. S. Kerr, Chaplain to the Viceroy; Surgeon-Major H. S. Muir, Surgeon to the Viceroy; Captain C. W. Muir, Aide-de-Camp; Captain E. L. S. Brett, Aide-de-Camp; W. G. Goldney, Esq., Assistant District Superintendent of Police. At Kiaraghat Dak Bungalow, a halt was made for breakfast. At 10-45 a.m. the dusty road was again faced, and the procession of vehicles arrived at the foot of the bridle-path leading up to Dugshai Cantonment shortly after one o'clock. Here Major Charley, commanding the 4th Battalion 60th Royal Rifles, and several of the officers were waiting to receive His Excellency, and to accompany him to the hospitable mess of the regiment, where luncheon was prepared for the whole party. At 3-30 p.m., horses were mounted and a start made for the first halting-place towards Nahun, where His Excellency is to be the guest of the Raja of Sirmoor. The road, which is said to have been very bad, has been put in thorough repair for the occasion; and as the hills through which it lies are for the most part well wooded (contrasting most favourably in this respect with bleak and barren Dugshai) a pleasant ride of about 10 miles brought the party to Nyna at 6 p.m. Half way, at a small stream which forms the boundary of the Sirmoor territory, the Raja awaited the Viceroy's arrival. The camp was pitched on a *kotal*; the position being favourable as regards the view therefrom, but it was voted somewhat breezy when the wind rose at night.

OCT. 29.—Started for Suran at 9-50 a.m., distance about 13 miles. For the first eight miles or so the road winds through woods of fir and ash trees, the remainder is somewhat bare of foliage; but the Raja has evidently been devoting his attention towards making it smooth and wide, for it is a delightful road for easy-going throughout. No game was seen from the road, but three gentlemen of the party struck off into the woods about two miles from Nyna, bagging a brace of pheasants and a barking deer. After dinner a large bonfire was lighted, and the country round must have become aware of our presence from the glow it shed on the hills arround.

OCT. 30.—Left camp at 9-45 a.m., arrived at Bayree at 1-45 p.m., distance estimated at over 12 miles, but the road was excellent all the way, and the scenery very pretty. Found our camp pitched in a most picturesque place, a *kotal* from each side of which one can see for miles. His Excellency's tent stands in the centre of two large ash trees, and I hear he is so pleased with the spot that there will probably be a halt here to-morrow.

NAHUN THRO' UMBALLA, Nov. 1.—The Viceroy arrived here yesterday evening at 5 o'clock. The arrangements for his reception were admirable. To-day the Raja and his two sons visited the Viceroy, and a return visit takes place at 4 o'clock, when the foundry, &c., will be inspected. In the evening a Hindoo dramatic company will give an entertainment.

LAHORE, Nov. 1.—It was decided to-day that during the Viceroy's stay at Lahore one evening shall be devoted to a visit to Shalimar Gardens, which will be illuminated, and in front of which will be a splendid display of fireworks. This will be much better than the original plan of illuminating a portion of the city. The chief officials, barristers, and a selected number of persons will alone be admitted to the upper part of the gardens, and the lower portion will be for persons invited by the Municipal Committee.—*Pioneer.*

Holloway's Pills.—In the complaints peculiar to females there is no remedy their use may be of the fair sex has become so constant for the removal of their ailments that barely a toilet is without them. Amongst all classes, from the domestic servant to the peeress, universal favour is accorded to these renovating Pills: their invigorating and purifying properties render them safe and invaluable in all cases; they may be taken by females of all ages for any disorganisation or irregularity of the system, speedily removing the cause and restoring the sufferer to robust health. As a family medicine they are invaluable for subduing the maladies of young and old.

AKOLA SKY RACES.

(FROM A CORRESPONDENT.)

"STORY! God bless you, I have none to tell, Sir," said the needy knife-grinder; so, too, at Akola. "Week! God bless you, there is none at all, Sir." But what with five days and an off-day, and a Sabbath day at each end, a very fair imitation is concocted. On Monday the good folk paid their duty calls, arranged matches of all sorts, bar the matrimonial, and wound up with badminton by lamp-light. Why badminton by lamp-light should provoke such soughs and sighs and screams of laughter this deponent sayeth not; but he is free to maintain that it is vastly disturbing to the adjoining peaceful pool round which in single, double, and treble suspense hang the lives of men.

On Tuesday morning the races began. Half-a-dozen animals from outside, together with the ordinary quotas from Yeotmal and Amraoti, came to contest the palms and the plums of the meeting with the local stable.

The first race was the Trial Stakes. Entrance 1 G. M., with Rs. 192 added. For all horses. Weight for class. 1½ mile.

The forecast at the winner proved correct, as the race lay throughout between Grey Leg and Topsail. The former horse seemed rather fitter, however, and negociated the corners more neatly. Baronet was third.

The next race was the Lilliputs. Rs. 57 with Rs. 50 added. For ponies 13 hands and under. 13 hands to carry 11 stone. 4 lbs. allowed for every half inch. ½ mile.

Splints got off with the lead, but was overtaken by Barney and Orion at the quarter-mile, after which Barney drew ahead and maintained his lead, Orion coming in second and Zulu third. A cross was claimed, and given against them in favour of Devastation.

Then followed two native races, in which divers forms of riding saddlery and general get-up were pleasingly illustrated. The races, the first of which was won by a man belonging to M. R. R. Hanmantrao, and the other by a pony belonging to Messrs. Pestonjee & Co., were interesting in themselves; but the excitement was intensified by four horses out of eight in one race bolting at the corner, and was brought to a climax when the first horse, immediately it passed the winning-post, jumped the ropes and dived into a bullock-coach. Its own nose and the top of the bullock-coach suffered past recovery, but the occupants of the coach and the rider of the horse are now doing quite as well as could be expected.

The fifth race was the Deccan Derby. Rs. 57, with Rs. 75 added. For ponies 13-2 and under. Weight 11 stone. 4 lbs. for every half-inch. Distance half mile.

This race was a hollow affair, the other ponies having no chance against Morocco.

The last race on the card was the Ladies' Plate. For all horses. Weight for class. R. C.

This was by far the best race of the day, and turned out to be a sad disappointment, both for the fair damsels in the stand and for the knowing ones at the lotting. Vorwaert got off with the start and went well for three quarter-mile, when he collapsed and cannoned with Placid, thus destroying the chance of that game little galloway. The run in was very good; Palmer who had been lying behind, coming up and making a most exciting finish. Shah, however, well ridden, won by half a length.

FALL OF A HOUSE.—A portion of the roof of a house belonging to Khuttao Muckonjee, situated in Tank Street, fell in on Wednesday last. No one was injured.

THE FIFTH CRIMINAL SESSIONS.—Mr. Justice Bayley stated at the High Court yesterday that his Lordship would most probably preside at the fifth Criminal Sessions, which commence on the 20th instant.

THEFT.—Gopall Govind was yesterday convicted by Mr. C. P. Cooper of stealing a water-proof sheet, valued at Rs. 7, belonging to Sonoolal Joladin. He was sentenced to three months' rigorous imprisonment.

RAINFALL ON THE BARODA LINE.—The usual return of rainfall from the Agent, B. B. and C. I. Railway, shows that the total rain-fall up to the 30th ultimo was 75·58 inches in Panjoo, 76·85 inches in Palghar, 71·11 inches in Bulsar, and 36·9 inches in Surat.

LETTING OFF FIREWORKS.—Fifty-three persons were yesterday convicted by Mr. C. P. Cooper of letting off fireworks on the public roads without the permission of the Commissioner of Police. They were fined in sums varying from four to eight annas each.

FALL OF A ROOM.—Early yesterday morning a room on the top of Messrs. Greaves, Cotton & Co.'s premises in Forbes Street fell to the ground. Fortunately, owing to the early hour, nobody was hurt. Had the accident occurred later in the day, the consequences would probably have been serious.

SUICIDE.—A coroner's inquest was held yesterday, at the junction of Bhoewada and the Mahim and Dadur Roads on view of the body of a Hindoo, name unknown, who was found lying dead with his throat cut near a Hindoo temple at the junction of the above roads. It appears from certain papers belonging to the deceased that he had recently arrived from Port Louis, Mauritius. The papers bear the name of Doocar Deansing. Since his arrival in Bombay, the deceased has generally taken up his abode at the above Hindoo temple. From the absent manner in which he answered questions put to him by the *Times of India* reporter, he was believed to be insane. The verdict was that the death of the deceased was caused by his having committed suicide by cutting his throat with a knife.

ARRIVAL OF I. G. S. PATRICK STEWART.—The I. G. S. Patrick Stewart, 1,015 tons, Captain E. Bishop, I. N., arrived in Bombay harbour on the 3rd instant at 9 p. m. from Kurrachee, which port she left on the 31st October, with 4 officers, 2 ladies, and 2 children, and also 3 native officers, 154 rank and file, 3 women, 2 children, 166 public and 15 private followers (sick convoy), 1 man of the 2-15th Regiment, 1 man of the 29th Regiment, 4 horses. A native of the Ordnance Department died on board yesterday morning from chronic dysentery. The following are the names of officers and ladies:—Brigadier General Burrows, Staff Corps; Lieut. Gordon, 1st Lancers; Lieut. Fox, R. A.; Lieut. Butcher, R. A; Mrs. Dewar, wife of Major Dewar, and 3 children, F-2 R. A.; and Mrs. Smyth, wife of Major Smyth, 2-15th Regt.

STATEMENT OF SILVER BALANCE IN THE MINT.—The value of silver in the Mint on the morning of the 25th October was Rs. 42,06,616; in addition silver received during the week, Rs. 3,18,472. The sum of Rs. 7,00,018 in new coin was paid during the week; the balance left was Rs. 38,25,070. There is in addition silver bullion valued at Rs. 1,62,318 belonging to private individuals deposited in the Mint vaults, and awaiting assay.

BIRTHS AND DEATHS IN BOMBAY.—The total number of deaths registered during the week ending Tuesday, 2nd November, was 386, being 22 less than in the previous week, 100 less than the week ending 4th November, 1879, and 79 less than the mean of the corresponding period in the preceding five years. During the week 323 births were reported in the different districts of the city. The rate of mortality per 1,000 of the population per annum was 28·36. There were 99 deaths from remittent fever, being 23 less than in the previous week, and 90 less than in the same period last year. The deaths from diseases of the respiratory system, diarrhœa, and dysentery were last week 44, 10, and 14, respectively, as compared with 25, 25, and 31, last year. The following remark is appended by the Health Officer to his return:—"As there is no allowance made for the increase of population, natural and extraordinary, during recent years, the percentages of mortality are unreliable."

THE POONA RIFLE CLUB.

THE shooting for the championship of the Poona Rifle Club took place at the Wanowrie range on Wednesday. The shooting was not so good as was expected, owing to a puzzling "fish-tail" wind which prevailed. Sergt. Murray, B. V. R., took first place with 86 out of the possible 105 at 200, 500, and 800 yards, Sergt. Brebner, B. V. R., coming next with 85, and Lieut. Peaker, of the same corps, third with 82. Lieut. Smith, who generally appears in the front rank in such competitions, did not shoot on account of indisposition. The following are the scores:—

Clears the Blood from all impure matter
From whatever cause arising.

As this mixture is pleasant to the taste, and warranted free from anything injurious to the most delicate constitution of either sex, the Proprietor solicits sufferers to give it a trial to test its value.

THOUSANDS OF TESTIMONIALS FROM ALL PARTS

CURE OF RHEUMATISM AND SCORBUTIC ERUPTION.

The Elms, North Cheam Surrey, S., 4th March 1875.

"SIR,—I had been suffering from rheumatism for several years, together with scorbutic eruption of the skin, of a local nature, about the size of the palm of the hand, and was induced to try your Blood Mixture in consequence of two gentlemen in my neighbourhood having been cured of obstinate sore on the body. After taking two bottles I became much better, and continued it up to the tenth bottle, when I found the rheumatism had left me, and my arm was healed. I consider it a most valuable medicine.
"You are at liberty to use this letter in any way you think proper, for the benefit of others.
"Faithfully yours
"To Mr. F. J. Clarke." "THOMAS WATTS."

Sold in Bottles 2s. 6d. each, and in Cases, containing six times the quantity, 11s. each—sufficient to effect a permanent cure in the great majority of long standing cases, by ALL CHEMISTS, and PATENT MEDICINE VENDORS throughout the world.

Two years' guarantee. Sent post free to every Station in India.

MESSRS. FAVRE, LEUBA & Co. beg to draw particular attention to the above watches, and confidently recommend them to every person who wants to buy a watch: CHEAP, STRONG, and GOOD.
These watches are of moderate size, in an extremely well-made and tight-shutting German Silver case. The movement is protected inside by a glass dome.
The movement has a Patent Lever Escapement, built on the soundest scientific principles.
The watches are keyless, and the hands are set also through the keyless mechanism, so that there is no necessity of opening the watch.
The watches have a second hand.
The figures of the dial and the hands are left extra bold, so that the time can be seen instantly on a glance at the dial, and in nearly complete darkness.
The watch, as a whole, combines strength with all the conditions necessary to good time-keeping.
This watch has proved a complete success as a CAMPAIGN WATCH, and its usefulness is recognised by the daily increasing demand from all quarters of our Army in the field.
To Shikaries, Sportsmen, &c., these watches will prove to stand any amount of rough usage and handling.
We guarantee riding will not effect the working of these watches.
We dare confidently say that these watches, if treated with ordinary care, and cleaned once every two years, will give a 15 years'good service.
Every watch is fitted in a wooden case, in which will be found a spare glass, and a spare mainspring.
We receive now regular shipments of these watches by each mail, and every order can for the future be executed by return post.
Only watches that have been examined and timed are despatched on orders.

2 years' guarantee. Packing and postage free.

NOTICES.

PEPPER'S QUININE and IRON TONIC contains an unvarying amount of quinine iron. It possesses all the powers of these valuable tonics in banishing diseases and symptoms traceable to weakness, a low state of the nervous system, enfeebled condition of the body, and derangement of the general health.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections and in Wasting disease, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by Chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine. Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6d. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, and in a few days completely bring back the natural colour. The effect is superior to that produced by an instantaneous dye, and does not injure the skin. Large bottles, 1s. 6d.—Lockyer's is equal to the most expensive hair restorer.

LOCKYER'S SULPHUR HAIR RESTORER is the best for restoring grey hair to its former colour. It produces a perfectly natural shade, and is absolutely harmless. Recommended for destroying scurf and encouraging growth of new hair.

LOCKYER'S SULPHUR HAIR RESTORER.—Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, LOCKYER'S RESTORER is strongly recommended. It is most agreeable in use, and never fails in its action on the colour glands, always restoring and maintaining that which has been lost. No other hair dressing is requisite. Large Bottles, 1s. 6d. Sold by Chemists, Hairdressers, and Perfumers in London, the Country, and throughout the world. Lockyer's is equal to any of the high-priced preparations.

LIVER COMPLAINTS.

DR. KING'S DANDELION and QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.
In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.
Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London.
Specially valuable Pills for residents abroad and travellers

ADVERTISING
AT
RAILWAY STATIONS.

THE Proprietor of the "BOMBAY GAZETTE" Press having leased from the *GREAT INDIAN PENINSULA RAILWAY COMPANY* and the *BOMBAY, BARODA AND CENTRAL INDIA RAILWAY COMPANY*, the exclusive right of advertising at all the Railway Stations belonging to these two Companies, is prepared to contract with parties desirous of posting Notices of Advertisements on the lines.
The announcements may be in English or in any of the Native Languages.
The advantages which Railway Stations present as a means of bringing intimations of all kinds before the public have been demonstrated in England by the extensive use which is made by Advertisers, of every station, great and small, along every one in the United Kingdom.
INSURANCE COMPANIES, SHIPPING COMPANIES, HOTEL-KEEPERS, MERCHANTS, TRADERS and others who wish to force their business on the notice of the public, all alike value the privilege of Railway Station Advertising.
There is no reason why the privilege should not be also specially valuable to Advertisers in India. Looking to the great and increasing number of Native Railway Passengers on the two trunk lines of Western India, Native Merchants, Traders, &c. seeing that they have the privilege of advertising in their own language, would find the publication of their announcements at Railway Stations an infallible means of extending their business.
And as nearly ALL TRAVELLERS ARRIVING IN INDIA NOW LAND AT BOMBAY and proceed by the G. I. P. or B. B. and C. I. Railways to their destinations, Placards exhibited at the different stations on those lines are every day becoming more and more valuable as means of bringing the Advertisers' business to the notice of the public.
Advertisers can select the stations, on either line, at which they wish their Placards posted, and may advertise for any period that may be agreed on. The charges have been fixed on an extremely moderate scale to encourage Advertisers to make a liberal use of the new means now offered of making announcements known to the public.
Placards, according to the taste of Advertisers may be printed at moderate charges in English or any of the Native languages at the "BOMBAY GAZETTE" Press. Estimates on application.

RATES.

Boards not exceeding 2 feet long and 2 feet broad Rs. 2 per month. For every additional square foot annas 8.
Thus a firm exhibiting a board, say 4 feet square, will have the advantage of having his business Advertisement read by thousands of passengers on one station platform for the trifling monthly expenditure of Rs. 2. Parties advertising on six stations or more will be allowed a discount of ten per cent.; on twelve stations or more twenty-five per cent.
The boards to be delivered at the "BOMBAY GAZETTE" OFFICE, whence they will be sent by the Lessee to the various stations selected by the Advertiser. In the event of the contract terminating, the boards will be brought back to Bombay at the expense and risk of the Advertiser.
Special arrangements for long periods.
For further particulars apply to THE MANAGER, "BOMBAY GAZETTE" OFFICE, Rampart Row, Fort.
